

The 3rd Annual FWFD Health & Wellness in the Public Safety Arena presents:

CANCER

A FIREFIGHTER'S *REAL RISK*

Presenters:

Dr. Mark O'Shaughnessy
Parkview Health

A Cardiovascular Specialist and leader in community wellness and prevention, Dr. O'Shaughnessy will present a general introduction to cancers and basic treatment options.

Tim McDonnell
IFD Captain and Director of Indiana Firefighters Cancer Support Network
As a firefighter and cancer survivor, McDonnell will discuss the alarming statistics and status of cancer in the fire service industry—the most dangerous and unrecognized threat to the health and safety of our nation's firefighters.

Dr. Robert Smith
IFD Retired Lieutenant and Psychotherapist
Dr. Smith will examine behavioral health issues commonly identified in emergency services as well as the organizational culture shift recognizing the need for behavioral health programs.

Your Steps to Understanding and Prevention

Multiple studies have demonstrated statistically higher rates of various types of cancers in firefighters compared to the general American population.

During this free seminar experts will discuss and identify risks associated with cancer in the fire service and standard methods of reducing the risk of cancer during the course of duty. We will also examine behavioral health issues within Emergency Services.

Saturday
April 11, 2015

8 a.m. - 12:00

Public Safety Academy/Ivy Tech South
(7602 Patriot Crossing)
